Welcome

The Australian and New Zealand Society of Vascular Surgery are proud to present the provisional program for our annual meeting of our society this October in Perth. It will be held at the world-class facilities of the Crown Hotel Complex at shores of the Swan River from Friday 13th October until Sunday 15th October followed by an in-depth venous Symposium on the 16th of October. A parallel nursing program will take place over the weekend.

As in previous years the program is as educational as entertaining. It will cover the whole spectrum of vascular surgery focusing on new research, clinical advances and current controversies. It will be carried by renowned experts from our society and high profile international speakers. We are lucky to welcome Paul Bachoo, Sebastian Debus, Joseph Mills, Bijan Modarai, Akhilesh Sista, Jean-Paul de Vries and Anders Wanhainen colleagues whose expertise and research focus is widely spread ranging from venous to peripheral interventions to complex aortic pathology.

The conference theme "Vascular Surgery in Times of Economic Pressure" is meant to investigate an aspect of our profession, which has long been neglected as the global economic downturn continues to have an increasing impact on our health care systems. A part of the program aims to provide insights about the ethical, financial and clinical consequences of the increasing economic constraints and hopefully spark a vibrant discussion.

Despite venous work being a large part of our clinical practice it is often underrepresented in vascular meetings. Hence, an extra symposium on venous disorders will be held adjacent to the conference. It will offer the opportunity to hear and discuss about superficial and deep venous disease. With Mark Garcia a true pioneer will support the symposium taking a close look at the controversies in modern clinical management of the deep venous system.

All meetings thrive on the attendance and enthusiasm of their delegates. Hence, we hope that that you will be able to make the trip across the Nullarbor to visit us for the ANZSVS 2017 in the beautiful Perth spring!

Yours sincerely,

Dr Carsten Ritter FRACS
Scientific Convener
on behalf of the organising committee
8:30am - 10:00am  CURRENT AFFAIRS IN VASCULAR SURGERY  
Grand Ballroom 2, Ground Level  
Chair: Doug Cavaye (Brisbane)

8:30am  Welcome  
Carsten Ritter (Perth)

8:38am  Vascular surgery trends in Australia: 2001-2015: less open surgery, less limb loss and more endovascular intervention  
VA001   Melissa Wright (Melbourne)

8:46am  How can we make remote specialist service more (cost) effective?  
Justin Roake (Christchurch)

8:54am  The Swedes have already written it up - The dilemma of vascular research in our region and how we can change it  
VA002   Jonathan Golledge (Townsville)

9:02am  How can we spark the enthusiasm for vascular research in future generations?  
Ian Spark (Adelaide)

9:10am  Aortic aneurysm screening is efficient and cost effective  
Anders Wanhainen (Uppsala, Sweden)

9:18am  Aortic aneurysm screening is neither efficient nor cost effective  
Paul Norman (Perth)

9:26am  AAA as part of cardiovascular screening in New Zealand  
Andrew Hill (Auckland)

9:34am  A retrospective review of the female and male balance across Surgery  
VA003  Samantha Peden (Sydney)

9:42am  How can ANZSVS engage in introducing new technology?  
Peter Subramaniam (Adelaide)

9:50am  Discussion

10:00am - 10:30am  MORNING TEA - FRIDAY  
Grand Ballroom 1, Ground Level

10:30am - 12:30pm  INNOVATION AND FUTURE CONCEPTS  
Grand Ballroom 2, Ground Level  
Chair: Patrice Meipatayi (Perth)

10:30am  Keynote Lecture  
Indications and implications of endoanchor use  
VA004   Jean-Paul de Vries (Nieuwegein, The Netherlands)

10:42am  Predicting complications of Type B aortic dissection with biomechanical modelling  
Barry Doyle (Perth)

10:50am  Experimental visualization of vascular structures using Microsoft HoloLens  
VA005   Marco Horn (Luebeck, Germany)

10:58am  The SPIDER graft – A new concept for TAA repair
Sebastian Debus (Hamburg, Germany)

11:06am  Endovac treatment for graft infection
Anders Wanhainen (Uppsala, Sweden)

11:14am  Lightweight Lead Aprons: The Emperor’s new clothes in the radiology suite?
Sanjana KasthuriRengan (Adelaide)

11:22am  The effects of radiation exposure after endovascular intervention
Bijan Modarai (London, UK)

11:30am  Should we refrain from operating on certain patients?
John Harris (Sydney)

11:38am  Can we rationalise the use of consumables without compromising outcome?
Ravi Huilgol (Sydney)

11:46am  Does additional information gained by IVUS justify the cost?
Ian Spark (Adelaide)

11:54am  Ultrasound characteristics of aorto-iliac ulcers
Rachel Kee (Dunedin)

12:02pm  Cost effectiveness of anticoagulation vs. catheter lysis
Sarah Aitken (Sydney)

12:10pm  Discussion

12:30pm - 1:30pm  RESEARCH FOUNDATION MEETING
Botanical 4, Lower Level

12:30pm - 1:30pm  LUNCH - FRIDAY
Grand Ballroom 1, Ground Level

1:30pm - 3:00pm  TRAINEES RESEARCH PAPERS
Grand Ballroom 2, Ground Level
Chair: Anthony Freeman (Sydney)

The session is proudly supported by GETINGE

1:30pm  Improved patency of Supera stents for juxta-anastomotic stenosis with the use of computer
fluid dynamic modelling
Samantha Peden (Sydney)

1:40pm  Percutaneous access provides acceptable medium term results in endovascular repair of
aortic pathology
Keagan Werner-Gibbings (Melbourne)

1:50pm  All cause mortality for Tasmanian patients with abdominal aortic aneurysms
Emma Sim (Hobart)

2:00pm  AngioJet peripheral thrombectomy in the treatment of venous thromboembolism: A
single-centre Australian experience
Vikram Iyer (Townsville)

2:10pm  Major amputation rates and outcomes for indigenous and non-indigenous adults in the
Townsville region
Samantha Peden (Sydney)

2:20pm  The outcomes of patients with End Stage Renal Disease (ESRD) and Critical Limb Ischaemia
(CLI)
Irina Baimatova (Auckland)
2:30pm  Outcomes of Nellix EVAS in favourable versus adverse anatomy  
VA014  Robert Tewksbury (Auckland)

2:40pm  The development and validation of an Abdominal Aortic Aneurysm clinical decision aid tool  
VA015  Manar Khashram (Hamilton)

2:50pm  Popliteal-Distal bypass surgery is a viable option in severe crural disease  
VA016  Simon Vun (Christchurch)

3:00pm - 3:30pm  
AFTERNOON TEA - FRIDAY  
Grand Ballroom 1, Ground Level

3:30pm - 5:30pm  
TRAUMA AND EMERGENCIES  
Grand Ballroom 2, Ground Level  
Chair: Kishore Sieunarine (Perth)

3:30pm  Keynote Lecture  
Mycotic aneurysms  
Anders Wanhainen (Uppsala, Sweden)

3:38pm  Managing infected pseudo aneurysms in IV drug abusers - A challenging problem for the vascular surgeon of the developing world  
VA017  Muhammad Fahad Tariq Berlas (Karachi, Pakistan)

3:46pm  The new ESVS guideline on mesenteric ischemia  
Sebastian Debus (Hamburg, Germany)

3:54pm  Arterial embolectomy - New approaches for an old issue (endoluminal techniques)  
Mathew Sebastian (Newcastle)

4:02pm  Which type B dissections should be stented: A look at the evidence and clinical practice  
Michael Denton (Melbourne)

4:10pm  The role of false lumen embolisation in Type B dissections  
Anders Wanhainen (Uppsala, Sweden)

4:18pm  Type A dissections extending beyond the arch: Can cardiothoracics give us everything we want?  
Chris Merry (Perth)

4:26pm  Is endovascular approach the future of ante- and retrograde Type A dissection?  
Bijan Modarai (London, UK)

4:34pm  Aortic transsection - Young people, hypovolemia, small vessels, multiple injuries  
Raffi Qasabian (Sydney)

4:42pm  Endovascular management concepts for vascular trauma  
Irwin Mohan (Sydney)

4:50pm  From trauma to treatment: optimising management  
John Crozier (Sydney)

4:58pm  Interdisciplinary considerations and decision making in extremity trauma  
Tim Wagner (Melbourne)

5:06pm  Dealing with a mass casualty situation  
John Swinnen (Sydney)

5:14pm  Discussion

5:30pm - 6:30pm  
WELCOME RECEPTION  
Grand Ballroom 1, Ground Level
SATURDAY 14 OCTOBER

8:30am - 10:00am  ANZSVS SESSION  
Grand Ballroom 2, Ground Level  
Chairs: Bernie Bourke (Gosford) and Michael Grigg (Melbourne)

8:30am  Keynote Lecture  
Management of the Marfan patient  
Sebastian Debus (Hamburg, Germany)

8:42am  Cost-spiral and optimal care - The ethicist's view  
Peter O'Leary (Perth)

8:50am  Cost-spiral and optimal care - The surgeon’s view  
Doug Cavaye (Brisbane)

8:58am  The future development of the public healthcare systems  
David Gillespie

9:06am  The future development of the private healthcare system  
Jade Furness (Perth)

9:14am  Similar systems, different challenges? – The situation in New Zealand  
Thodur Vasudevan (Hamilton)

9:22am  And this is what the health economist says  
Richard Norman (Perth)

9:30am  How healthcare will look like in the future and its impact onto our society  
Michael Grigg (Melbourne)

9:38am  Learn from each other in the time of crisis - Introduction of the 'Australian model' of service provision in Scotland  
Paul Bachoo (Aberdeen, UK)

9:46am  Discussion

10:00am - 10:30am  MORNING TEA - SATURDAY  
Grand Ballroom 1, Ground Level

10:30am - 12:30pm  AORTIC SURGERY  
Grand Ballroom 2, Ground Level  
Chairs: Michael Berce (Adelaide) and Phil Colman (Newcastle)

10:30am  Keynote Lecture  
Aortic interventions and spinal ischemia  
Bijan Modarai (London, UK)

10:42am  Athero-occlusive disease is associated with reduced abdominal aortic aneurysm growth  
VA018 Evan Matthews (Townsville)

10:50am  The natural history of aorto-iliac ulcers: presentation, growth and outcomes  
VA019 Rachel Kee (Dunedin)
10:58am There is an endo solution for everything. Is open AAA repair obsolete?
VA020 Allan Kruger (Brisbane)

11:06am Fast track pathways for open AAA repair
Sebastian Debus (Hamburg, Germany)

11:14am The fate of the internal iliac arteries matters
Nick Boyne (Brisbane)

11:22am WA early experience with the GORE EXCLUDER iliac branch device for common iliac aneurysm
VA021 Kishore Sieunarine (Perth)

11:30am One procedure many ways to follow up: EVAR surveillance - How, how long and how often?
VA022 Peter Milne (Melbourne)

11:38am Secondary interventions to rescue failed EVARs
VA023 Jean-Paul de Vries (Nieuwegein, The Netherlands)

11:46am Type 2 endoleaks- glue them, coil them, leave them
Mark Garcia (Wilmington, USA)

11:54am Ch- EVAR - Which are valid indications?
VA024 Jean-Paul de Vries (Nieuwegein, The Netherlands)

12:02pm Keynote Lecture
What really does happen to those unfavourable necks after endoluminal repair?
Paul Bachoo (Aberdeen, UK)

12:14pm Discussion

12:30pm - 1:30pm LUNCH - SATURDAY
Grand Ballroom 1, Ground Level

1:30pm - 3:00pm CHALLENGE THE EXPERTS
Grand Ballroom 2, Ground Level
Chairs: Bernie Bourke (Gosford) and Carsten Ritter (Perth)

Each presenter is for four minutes to present the case with 7 minutes for panel discussion.

Panellists: Joseph Mills (Houston, USA), Sebastian Debus (Hamburg, Germany), Paul Bachoo (Aberdeen, UK), Michael Grigg (Melbourne) and Andrew Hill (Auckland)

1:30pm Neck lump: A tongue in cheek matter
Fareed Shaikh (Pakistan)

1:41pm Blocked like a drain, helped by the brain
Ellen Hardy (Gosford)

1:52pm Didn't want that bypass anyway
Ming Yii (Melbourne)

2:03pm Healing the heel from hell
Victor Bourke (Sydney)

Panellists: Bijan Modarai (London, UK), Anders Wanhainen (Uppsala, Sweden), Jean-Paul de Vries (Nieuwegein, The Netherlands), John Crozier (Sydney) and Ian Spark (Adelaide)

2:14pm The EVAR pancake
Emma Sim (Hobart)

2:25pm Getting into a flap over gut ischaemia
Robert Tewksbury (Auckland)
2:36pm  No legs, no neck, no access
       Ellen Hardy (Gosford)

2:47pm  An inconvenient rupture
       Vikram Iyer (Townsville)

3:00pm - 3:30pm  AFTERNOON TEA - SATURDAY
                Grand Ballroom 1, Ground Level

3:30pm - 5:30pm  PERIPHERAL VASCULAR DISEASE
                Grand Ballroom 2, Ground Level
                Chair: Robert Fitridge (Adelaide)

3:30pm  Global guidelines for Severe Limb Ischaemia part one
        Joseph Mills (Houston, USA)

3:38pm  Global guidelines for Severe Limb Ischemia part two
        Robert Fitridge (Adelaide)

3:46pm  Long SFA occlusions - One year results of the RAPID trial
        Jean-Paul de Vries (Nieuwegein, The Netherlands)

3:54pm  Paediatric vascular surgery
        Joseph Mills (Houston, USA)

4:02pm  How to treat in-stent stenosis
        Phillip Puckridge (Adelaide)

4:10pm  Atherectomy devices - Just a gimmick or true value
        Vikram Puttaswamy (Sydney)

4:18pm  What is the role for drug eluting balloons below the knee?
        Thomas Daly (Sydney)

4:26pm  Angiosomes - Only theory or practical benefit?
        Mark Jackson (Gold Coast)

4:34pm  Aorto-iliac reconstruction with the AFX stent
        Phillip Puckridge (Adelaide)

4:42pm  The sense and nonsense of surveillance for peripheral revascularisation
        Peter Bray (Perth)

4:50pm  Dusk or dawn - The role of bypass grafting in an endo- first world
        Paul Bachoo (Aberdeen, UK)

4:58pm  One-year results of a multicenter randomised controlled trial comparing the heparin-bonded
        endoluminal bypass to the venous femoropopliteal bypass
        Laurens van Walraven (Friesland, The Netherlands)

5:06pm  Discussion

5:30pm - 6:30pm  ANZSVS ANNUAL BUSINESS MEETING
                Grand Ballroom 2, Ground Level

7:00pm - 10:30pm  CONFERENCE DINNER (TICKETED EVENT)
                Astral 1, Ground Level
SUNDAY 15 OCTOBER

8:30am - 10:00am  CAROTID SURGERY
Grand Ballroom 2, Ground Level
Chair: Richard Bond (Perth)

8:30am  The future of carotid artery stenting for vascular surgeons
         VA028  David McClure (Geelong)

8:38am  Predictors of peri-procedural outcomes of carotid artery stenting: Real world experience
         Patrice Mwipatayi (Perth)

8:46am  CAS - How and when to deal with in-stent stenosis
         Marek Garbowski (Perth)

8:54am  Common ‘Furphies’ used to make carotid surgery and stenting outcomes look similar when
        they are not
         VA029  Anne Abbott (Melbourne)

9:02am  The sense and nonsense of carotid surveillance
         Jason Chuen (Melbourne)

9:10am  Do or don't do them - Are we consistent with the neurologists?
         Darshan Ghia (Perth)

9:18am  The dizzy patient referral - Is there vertebrobasilar insufficiency and does vascular play a role
        in management?
         VA030  Victor Bourke (Sydney)

9:26am  Near-infrared spectroscopy (NIRS) as predictor for shunt need during carotid endarterectomy
         VA031  David Lindstrom (Stockholm, Sweden)

9:34am  Cerebral monitoring during CEA - Best practice or unnecessary ballast?
         VA032  Bernie Bourke (Gosford)

9:42am  Discussion

10:00am - 10:30am  MORNING TEA - SUNDAY
Grand Ballroom 1, Ground Level

10:30am - 12:30pm  DIABETIC FOOT
(Combined with: Nursing)
Grand Ballroom 2, Ground Level
Chair: Kurian Mylankal (Adelaide)

10:30am  Keynote Lecture
Contemporary management of the diabetic foot
         Joseph Mills (Houston, USA)

10:42am  Investigations in diabetics - What actually makes sense
         Robert Fitridge (Adelaide)

10:50am  Interventions to the pedal arch - Genius or madness?
         Patrice Mwipatayi (Perth)

10:58am  The one stop shop to avoid the chop: Building a multidisciplinary foot unit
         Emma Hamilton (Perth)

11:06am  Is there a role for hyperbaric oxygen therapy in the treatment of the diabetic foot?
         Ian Gawthrope (Perth)

11:14am  Is endo first the right approach for limb threatening ischemia
         Joseph Mills (Houston, USA)
11:22am  Charcot's vs. osteomyelitis - Do we need radiology or nuclear medicine?  
Natalie Falkner (Perth)

11:30am  How to heal the heel?  
Venu Bhamidipaty (Auckland)

11:38am  Just put them on Tazozin…or not? Rationalising our antibiotic management  
Laurens Manning (Perth)

11:46am  Measuring locomotor performance in people with lower limb amputation.  
VA033 Caroline E Roffman (Perth)

11:54am  The performance of the Dopplex Ability device in assessing lower limb ankle-brachial index and pulse volume recordings  
VA034 Sam Taylor (Dunedin)

12:02pm  Factors associated with Diabetic Foot Unit (DFU) readmissions in a metropolitan Melbourne hospital  
VA035 Andrew Chong (Melbourne)

12:10pm  Discussion

12:30pm - 1:30pm  LUNCH - SUNDAY  
Grand Ballroom 1, Ground Level

12:30pm - 1:30pm  BOARD OF VASCULAR SURGERY SUPERVISORS MEETING  
Botanical 4, Lower Level

1:30pm - 3:00pm  VENOUS PATHOLOGIES  
Grand Ballroom 2, Ground Level  
Chair: Stephen Baker (Perth)

1:30pm  Keynote Lecture  
Current evidence for interventional management of DVTs  
Akhilesh Sista (New York, USA)

1:42pm  It's not all the same - Cost and effectiveness of the four pillars in VV management: RFA, EVLA, sclerotherapy and open  
Paul Bachoo (Aberdeen, UK)

1:50pm  Development and economic benefit of a nurse delivered varicose vein service  
VE002 Ben Cooper (Aberdeen, UK)

1:58pm  Is there a role for GSV sparing surgery?  
Mark Malouf (Sydney)

2:06pm  Varicose veins management - How are the new kids on the block performing?  
Claire Campbell (Melbourne)

2:14pm  Varices with pelvic source  
Kursoh Parsi (Sydney)

2:22pm  Thrombolysis is an option for pulmonary embolism management  
Akhilesh Sista (New York, USA)

2:30pm  Endovascular deep venous valve reconstruction  
Andrew Hill (Auckland)

2:38pm  Cava filters - Where do they go and why are they there in the first place  
John Ferguson (Perth)
2:46pm Discussion

3:00pm - 3:30pm

**AFTERNOON TEA - SUNDAY**
Grand Ballroom 1, Ground Level

3:30pm - 5:30pm

**RENAL ACCESS**
(Combined with: Nursing)
Grand Ballroom 2, Ground Level
Chair: Joe Hockley (Perth)

3:30pm Fistulas: One size fits all?
Ashley Irish (Perth)

3:38pm Integrated dialysis systems: Maximising benefits, minimising cost and complications
John Swinnen (Sydney)

3:46pm Renal access in Samoa
Juanita Muller (Brisbane)

3:54pm Outcomes of Flixine grafts for AVF
Bulang He (Perth)

4:02pm New innovations in renal access
Richard Bond (Perth)

4:10pm Randomised multicentre blinded study on DEB in native fistulas
John Swinnen (Sydney)

4:18pm Vascular access: What evidence is there?
Monique Sandford (Perth)

4:26pm Management of complex central vein stenosis
Patrice Mwipatayi (Perth)

4:34pm AVG and AVF complications: aneurysms, pseudoaneurysms, bleeding
Kishore Sieunarine (Perth)

4:42pm SUIT - Renal access in Karachi
John Swinnen (Sydney)

4:50pm Forced maturation of the arteriovenous fistula using adjuvant stent placement
VA036 Anoosha Aslam (Sydney)

4:58pm Distal radial artery waveform analysis - a novel predictor of outcomes in Radio-cephalic Arteriovenous Fistulas
VA037 Mark Jackson (Gold Coast)

5:06pm Snuffbox Arteriovenous Fistula: A Western Australian surgeon's experience
VA038 James Dimmer (Perth)

5:14pm Discussion
**POSTERS NOT FOR PRESENTATION**

*These posters may be viewed on the screens in the Exhibition area. The posters will also be available on the Virtual Congress*

VA088P  Perioperative Antiplatelet Use in Vascular Surgery  
   Amelia Russell (Melbourne)

VA055P  Case report: A novel approach to proximal graft sealing in fenestrated endovascular aneurysm repair  
   Caitlin MacLeod (Aberdeen, UK)

VA043P  A Case of Recurrent Spontaneous Haemorrhage: Polyarteritis Nodosa  
   Scarlett Olasope (Wellington)

VA046P  A Rare Cause of Hand Ischaemia  
   Scarlett Olasope (Wellington)

VA051P  Applying of hybrid operations in treatment of patients with critical limb ischemia  
   Jakhongir Matmuradov (Uzbekistan)

VA092P  Renal transplantation: In-hours versus After-hours operating  
   Hani Saeed (Melbourne)

VA050P  Aortic Dissections: The Alfred experience  
   Hani Saeed (Melbourne)

VA045P  A rare case of Multiple Mycotic Aneurysms secondary to MSSA Bacteraemia  
   Kishan Liyanage (Melbourne)

VA079P  Need for Improvement; Medical treatment of patients with arterial disease; Results of a prospective registry  
   Mina Giurgis (Perth)

VA042P  6 Fenestration EVAR  
   Diane Hildebrand (Aberdeen, UK)

VA075P  Late outcomes of endovascular aneurysm repair in challenging neck morphology based on experience form the GREAT C3 registry  
   Diane Hildebrand (Aberdeen, UK)

VA067P  Excessive Cost of ovarian vein embolization: Opportunity to rationalize technique and reduce cost  
   Mina Giurgis (Perth)

VA054P  Case report: endovascular repair of external iliac artery pseudoaneurysm after failure of hip
prosthesis
Ellen Hardy (Gosford)

VA077P Long-term follow-up of subclavian artery stenting: A single surgeons experience
Matthew Trinder (Perth)

VA085P Patients re-presenting after EVAR in the Australasian Vascular Audit (AVA) 2010-2016
Ellen Hardy (Gosford)

VA072P Innovative technique to explant for type 1a endoleak
Noel Ramdwar (Melbourne)

VA059P Cerebral reperfusion syndrome after carotid-subclavian bypass
Ellen Hardy (Gosford)

VA110P Use of 3D printed models for preoperative rehearsal to improve operative outcomes prior to complicated aortic surgery
Jason Toniolo (Melbourne)

VA056P Case report: Open repair of giant tibio-peroneal trunk aneurysm
Ellen Hardy (Gosford)

VA053P Are the cost benefits of Telehealth medicine matched by clinical outcomes: A study of renal access surveillance outcomes.
Cassandra Jeavons (Brisbane)

VA109P Treatment of abdominal aortic aneurysms with the low profile Ovation Abdominal Stent-Graft System
Matthew Trinder (Perth)

VA074P Lack of an association between neutrophil-lymphocyte ratio and prognosis in arteriovenous fistulas
Beatrice Kuang (Adelaide)

VA082P Open Juxtarenal Aortic Aneurysm Repair : A tertiary centre experience in New Zealand
Prakash Balakrishnan (Wellington)

VA062P Correlation of histopathology and the symptomatic status of carotid stenosis
Irwin Mohan (Sydney)

VA084P Outcomes for endovascular repair of traumatic thoracic aortic aneurysms; a single centre experience
Sharon Hong (Sydney)

VA098P Surgical Turnaround Time: A Tertiary Versus General Hospital Comparison
James Dimmer (Perth)

Outcomes of a Multi-disciplinary Diabetes Foot Service
Julia Firth (Melbourne)

VA102P The Current Landscape of 3D Printing in Endovascular Intervention
Jasamine Coles-Black (Melbourne)
